

# \$\$\$ CSEM SCHOLARSHIP MONEY AVAILABLE \$\$\$

## Computer Science/Engineering and Mathematics Majors

**Description:** This program supports scholarships for academically talented students with financial need, enabling them to enter the high-technology workforce following completion of a bachelor's degree in Computer Science, Engineering, or Mathematics (CSEM).

### Criteria for Scholarship Recipients

1. 3.0 GPA or above.
2. Declaration of a major in Computer Science or Mathematics.
3. Current enrollment in a major course.
4. Full time student status.
5. Recommendation letter addressing academic potential from a H.S. teacher or counselor (for new students), or a professor (for current students).
6. Evidence of community service.

### Conditions for Renewal

1. 3.0 GPA or above.
2. Declaration of a major in Computer Science or Mathematics.
3. Current enrollment in a major course.
4. Full time student status.
5. Demonstration of satisfactory academic progress, especially in the student's major.
6. Evidence of community service and/or professional growth.
7. Endorsement by the Principal Investigator (Dr. Liu) and department faculty.
